Harold + Lil -

Note - how wonderful it was to have the Chat we had on Sun -

So glad your health is better - am counting the days - maybe weeks until we can get together -

Want to enclose the "Chuckle" I mentioned on the telephone -

I've made carbons to send to many friends in far places - Maybe Jim S. would enjoy this, too -

Here's Happy Birthday USA + then there are other Birthdays -

Hope Lil will eventually let you in on her "adventure" - Love G
